Annual Spring Price List

OF

Flowering Bulbs, Perennials, Flower Seeds and
Small Fruit Plants

1926

JOHN L. WILSON

ELK CITY, KANSAS

To My Patrons and Friends, and All Who Love Flowers:

This condensed price list with no illustrations, and with only brief descriptions is made necessary owing to the very serious illness of my aged mother in our home. I regret that I cannot give any cultural directions but most of my patrons know fairly well the things I have omitted; and any special information desired will gladly be given to the best of my ability by correspondence. Do not hesitate to write for any information at any time. I am always glad to be of service.

Most of the items listed are grown by me, but some few are not. Some flowers are fine for blooming here but do not mature seed in profitable quantities. These, such as Nasturtium and Sweet Peas are grown elsewhere. The Roses and a few others are not grown by me, but every care is taken to procure for my trade stock which will in every way be satisfactory.

PLEASE NOTE:—Everything listed will be delivered PREPAID except as otherwise noted. All Perennial plants, bulbs, trees and shrubbery are INSPECTED and PASSED by an authorized State Inspector.
